The Third Element Alfred Corbin, 2006-03-31

Newjack Ted Conover, 2010-01-20 WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD FOR NONFICTION • An acclaimed journalist sets a new standard for bold, in-depth reporting in this first-hand account of life inside the penal system at Sing Sing. “Newjack is about as good as it gets—by turns gripping, funny, frightening, and sad.” —The Washington Post Book World When Ted Conover’s request to shadow a recruit at the New York State Corrections Officer Academy was denied, he decided to apply for a job as a prison officer himself. The result is an unprecedented work of eyewitness journalism: the account of Conover’s year-long passage into storied Sing Sing prison as a rookie guard, or newjack. As he struggles to become a good officer, Conover angers inmates, dodges blows, and attempts, in the face of overwhelming odds, to balance decency with toughness. Through his insights into the harsh culture of prison, the grueling and demeaning working conditions of the officers, and the unexpected ways the job encroaches on his own family life, we begin to see how our burgeoning prison system brutalizes everyone connected with it. An intimate portrait of a world few readers have ever experienced, Newjack is a haunting journey into a dark undercurrent of American life.

The Zenith® TRANS-OCEANIC John H. Bryant, FAIA, John H. Bryant, Harold N. Cones, 2008 The previously untold story of the Zenith Trans-Oceanic, the world’s most romantic and expensive series of portable radios, now in a newly revised & expanded edition. Long a companion of kings, presidents, transoceanic yachtsmen and world explorers, the Trans-Oceanic was also carried into battle by American troops in three wars. Its great popularity in spite of a very high price can be laid at

the feet of several generations of armchair travelers who used the shortwave capabilities of the Trans-Oceanic as a window on the world. With access to the Zenith corporate archives and their long experience as radio enthusiasts and writers for both the popular and scholarly press, Professors Bryant and Cones present the engrossing stories of the development and use of the Trans-Oceanic throughout its forty year life. They present a wealth of never-before published photographs, documents and information concerning these fascinating radios, their collection, preservation and restoration.

The Theory and Servicing of AM, FM, and FM Stereo Receivers Clarence R. Green, Robert M. Bourque, 1980

Car Stereo Cookbook Mark Rumreich, 2005-05-21 The first edition of this book was written six years ago. Since then, there have been some significant developments in the area of car audio (and video). In addition, many of the products featured in the first edition are now obsolete. While the first edition of the book continues to sell, we have seen a bit of a slow-down at major accounts. This edition promises to be even more successful than the last. Car Stereo Cookbook, 2e is a completely revamped edition of a hugely successful title that continues to sell. This revised book will include new information on mobile video, satellite radio, mp3, wma, digital broadcast radio, and will eliminate the out-of-date products that are no longer pertinent.

What Is the What Dave Eggers, 2009-02-24 What Is the What is the story of Valentino Achak Deng, a refugee in war-ravaged southern Sudan who flees from his village in the mid-1980s and becomes one of the so-called Lost Boys. Valentino's travels bring him in contact with enemy soldiers, with liberation rebels, with hyenas and lions, with disease and starvation, and with deadly murahaleen (militias on horseback)--the same sort who currently terrorize Darfur. Eventually Deng is resettled in the United States with almost 4000 other young Sudanese men, and a very different struggle begins. Based closely on true experiences, What Is the What is heartbreaking and arresting, filled with adventure, suspense, tragedy, and, finally, triumph.
