**Neo-Victorianism and the Memory of Empire** Elizabeth Ho,2012-04-26 Explores neo-Victorianism in contemporary culture as a response to the impact of Imperial decline in postcolonial literature.

**Hong Kong** Michael Ingham,2007-06-18 Hong Kong has always been something of an anomaly, and an outpost of empire, whether British or Chinese. Once described as a barren island, the former fishing community has been transformed by its own economic miracle into one of Asia's World Cities, taking in its stride the territory's 1997 return to Chinese sovereignty. Beneath the surface of Hong Kong's clichéd self-image as Pearl of the Orient and Shopping Paradise, Michael Ingham reveals a city rich in history, myth, and cultural diversity.

*The Tongue of the Tiger* Rolf Cremer,Mary J. Willes,1998 This book analyses the communication processes of international trade between producers, their suppliers, and traders in Asia, and buyers in other parts of the world. Communication across language and cultural barriers is an indispensable part of, and one of the most practical problems encountered in, international trade and production. The analysis provided in this book is based on a large and unique collection of authentic documents of business communication. It leads to a deeper understanding of the factors, problems and skills associated with successful trading, and develops practical guidelines for overcoming language barriers. These are important both for the success of trading businesses and for the development of trade-oriented nations in Asia. This book is suitable for use by students in polytechnics and advanced undergraduates in international business courses, as well as in graduate programmes in economic theory and in applied linguistics. It will be valuable reading for business managers, import/export managers, and merchandisers in Asia and in Europe/North America/Oceania. Researchers and teachers in transaction cost economics/industrial organisation, international business, business communication & negotiation, applied linguistics, and English for business purposes will also find this book useful.

**Colonizer and Colonized** ,2021-11-08 Over the last two decades, the experiences of colonization and decolonization, once safely relegated to the margins of what occupied students of history and literature, have shifted into the latter's center

of attention, in the West as elsewhere. This attention does not restrict itself to the historical dimension of colonization and decolonization, but also focuses upon their impact upon the present, for both colonizers and colonized. The nearly fifty essays here gathered examine how literature, now and in the past, keeps and has kept alive the experiences - both individual and collective - of colonization and decolonization. The contributors to this volume hail from the four corners of the earth, East and West, North and South. The authors discussed range from international luminaries past and present such as Aphra Behn, Racine, Blaise Cendrars, Salman Rushdie, Graham Greene, Derek Walcott, Guimarães Rosa, J.M. Coetzee, André Brink, and Assia Djebar, to less known but certainly not lesser authors like Gioconda Belli, René Depestre, Amadou Koné, Elisa Chimenti, Sapho, Arthur Nortje, Es'kia Mphahlele, Mark Behr, Viktor Paskov, Evelyn Wilwert, and Leïla Houari. Issues addressed include the role of travel writing in forging images of foreign lands for domestic consumption, the reception and translation of Western classics in the East, the impact of contemporary Chinese cinema upon both native and Western audiences, and the use of Western generic novel conventions in modern Egyptian literature.

*An Insular Possession* Timothy Mo, 1987 In the early 1800s, the Chinese Empire became a reluctant host to a variety of Canton-based Occidental trading companies, eager to relieve it of tea and silver. In exchange, England soothed the Chinese with vast quantities of Indian opium, a practice much deplored but soon to be emulated by their American competitors. In Mo's third novel (after *The Monkey King* and *Sour Sweet*, two young Americans, Walter Eastman and Gideon Chase, resolve to expose this and other abuses by leaving their trading company to start a newspaper. They are soon embroiled, as observers and participants, in a series of skirmishes later known as the Opium Wars, until a final Chinese victory relegates all traders to that unsettled territory, Hong Kong... --

**Diasporic Chineseness after the Rise of China** Julia Kuehn, Kam Louie, David M. Pomfret, 2013-11-26 As China rose to its position of global superpower, Chinese groups in the West watched with anticipation and trepidation. For members of China's diasporic community, the rise of China created ripples of change, influencing communities, culture, and communication, and even challenging the very concept of diaspora. *Diasporic Chineseness after the Rise of China* examines how artists, writers, filmmakers, and intellectuals from the Chinese diaspora responded to China's ascendancy by representing it to global audiences with a new-found vitality and self-assurance. The chapters, often personal in nature, cover locations as varied as Australia, North America, and Tibet. And yet, the focus of each is the nexus between the political and economic rise of China and the cultural products this period produced, a place where new ideas of nation, identity, and diaspora were forged.

*On the Road to Baghdad, Or, Traveling Biculturalism* Gönül Pultar, 2005 About the Book This is a collection of essays on fiction written in English, Spanish, and Bengali that has emerged recently. This fiction is seen to reflect biculturalism, that is

the amalgam of two cultures that are both hegemonic in their own ways. This approach provides insight into the works discussed by uncovering elements of the the seemingly other, non-Euroculture, and elevates both cultures to the same level. Authors discussed in the essays include: Black British Caryl Phillips, Chicana Sandra Cisneros, Chinese American Maxine Hong Kingston, Cuban American Dolores Prida, Danish Izak Dinesen, Greek Americans Nikos Papandreou and Catherine Temma Davidson, Kenyan Ngugi wa Thiong'o, Japanese American John Okada, New Zealander Patricia Grace, Peruvian José Maria Arguedas, Turkish American Güneli Gün, and contemporary English-language Indian authors Vikram Chandra, Chitra B. Divakaruni, Attia Hosain, Manju Kapur, Arundhati Roy, Salman Rushdie, as well as Rabindranath Tagore. Praise Perhaps only a decade ago, such an ambitious, world-spanning project would have seemed absurd outside a congress of anthropologists or bankers. Today, it represents a state-of-the-art sensibility reflecting the efforts of an equally various geocultural assembly of scholars. The implications for a community of readers not only interested in but competently sensitive to such far-flung narrative geographies is equally stunning. - William Boelhower, University of Padua. Italy. Author of *Through a Glass Darkly, Ethnic Semiosis in American Literature*.

*Eating and Identity in Postcolonial Fiction* Paul Vlitos,2018-10-11 This book focuses on the fiction of four postcolonial authors: V.S. Naipaul, Anita Desai, Timothy Mo and Salman Rushdie. It argues that meals in their novels act as sites where the relationships between the individual subject and the social identities of race, class and gender are enacted. Drawing upon a variety of academic fields and disciplines — including postcolonial theory, historical research, food studies and recent attempts to rethink the concept of world literature — it dedicates a chapter to each author, tracing the literary, cultural and historical contexts in which their texts are located and exploring the ways in which food and the act of eating acquire meanings and how those meanings might clash, collide and be disputed. Not only does this book offer suggestive new readings of the work of its four key authors, but it challenges the reader to consider the significance of food in postcolonial fiction more generally.

***The English Novel in History, 1950 to the Present*** Professor Steven Connor,Steven Connor,2008-03-07 Steven Connor provides in-depth analyses of the novel and its relationship with its own form, with contemporary culture and with history. He incorporates an extensive and varied range of writers in his discussions such as \* George Orwell \* William Golding \* Angela Carter \* Doris Lessing \* Timothy Mo \* Hanif Kureishi \* Marina Warner \* Maggie Gee Written by a foremost scholar of contemporary culture and theory, *The English Novel in History, 1950 to the Present* offers not only a survey but

also a historical and cultural context to British literature produced in the second half of this century.

**You and Your Profile** Hans-Georg Moeller, Paul J. D'Ambrosio, 2021-05-25 More and more, we present ourselves and encounter others through profiles. A profile shows us not as we are seen directly but how we are perceived by a broader public. As we observe how others observe us, we calibrate our self-presentation accordingly. Profile-based identity is evident everywhere from pop culture to politics, marketing to morality. But all too often critics simply denounce this alleged superficiality in defense of some supposedly pure ideal of authentic or sincere expression. This book argues that the profile marks an epochal shift in our concept of identity and demonstrates why that matters. *You and Your Profile* blends social theory, philosophy, and cultural critique to unfold an exploration of the way we have come to experience the world. Instead of polemicizing against the profile, Hans-Georg Moeller and Paul J. D'Ambrosio outline how it works, how we readily apply it in our daily lives, and how it shapes our values—personally, economically, and ethically. They develop a practical vocabulary of life in the digital age. Informed by the Daoist tradition, they suggest strategies for handling the pressure of social media by distancing oneself from one's public face. A deft and wide-ranging consideration of our era's identity crisis, this book provides vital clues on how to stay sane in a time of proliferating profiles.

*How to Hide an Empire* Daniel Immerwahr, 2019-02-19 Named one of the ten best books of the year by the Chicago Tribune A Publishers Weekly best book of 2019 | A 2019 NPR Staff Pick A pathbreaking history of the United States' overseas possessions and the true meaning of its empire We are familiar with maps that outline all fifty states. And we are also familiar with the idea that the United States is an "empire," exercising power around the world. But what about the actual territories—the islands, atolls, and archipelagos—this country has governed and inhabited? In *How to Hide an Empire*, Daniel Immerwahr tells the fascinating story of the United States outside the United States. In crackling, fast-paced prose, he reveals forgotten episodes that cast American history in a new light. We travel to the Guano Islands, where prospectors collected one of the nineteenth century's most valuable commodities, and the Philippines, site of the most destructive event on U.S. soil. In Puerto Rico, Immerwahr shows how U.S. doctors conducted grisly experiments they would never have conducted on the mainland and charts the emergence of independence fighters who would shoot up the U.S. Congress. In the years after World War II, Immerwahr notes, the United States moved away from colonialism. Instead, it put innovations in electronics, transportation, and culture to use, devising a new sort of influence that did not require the control of colonies. Rich with absorbing vignettes, full of surprises, and driven by an original conception of what empire and globalization mean today, *How to Hide an Empire* is a major and compulsively readable work of history.
