**Baxter's Explore the Book** J. Sidlow Baxter,2010-09-21 Explore the Book is not a commentary with verse-by-verse annotations. Neither is it just a series of analyses and outlines. Rather, it is a complete Bible survey course. No one can finish this series of studies and remain unchanged. The reader will receive lifelong benefit and be enriched by these practical and understandable studies. Exposition, commentary, and practical application of the meaning and message of the Bible will be found throughout this giant volume. Bible students without any background in Bible study will find this book of immense help as will those who have spent much time studying the Scriptures, including pastors and teachers. Explore the Book is the result and culmination of a lifetime of dedicated Bible study and exposition on the part of Dr. Baxter. It shows throughout a deep awareness and appreciation of the grand themes of the gospel, as found from the opening book of the Bible through Revelation.

*The Creator Mindset: 92 Tools to Unlock the Secrets to Innovation, Growth, and Sustainability* Nir Bashan,2020-08-04 Just about every book on creativity is bullshit. Filled with lofty theoretics and complexity about why you should be creative, they lack sound, practical tools about how to become more creative. That's where this book comes in. The Creator Mindset is designed to bring you simple, sound, and practical tools to awaken your creativity at work—even if you don't think you are creative. Not fluff or theories. No bullshit or fillers. Bashan draws on a lifetime of success in business to give you real actionable tools that you can use to become more creative. And each chapter brims with businesslike action items on how to make creativity happen at work. Written in plain language with real-world examples, chapters include: Creativity for non-creative people Training your mind to think in a creative way When nothing else works—creativity will The virtues of listening—and the value of making mistakes Meant to be used as a manual which you can draw upon at the office, business, or in your career, The Creator Mindset is all about teaching you how to awaken your long lost creativity in order to see the world as it can be, not as it is.

**Military Service and the Integration of Jews into the Roman Empire** Raúl González-Salinero,2022-02-28 Even though relations between the Jewish people and the Roman state were sometimes strained to the point of warfare and

bloodshed, Jewish military service between the 1st century BCE to the 6th century CE is attested by multiple sources.

**The Poisonwood Bible** Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection “Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty.” —Los Angeles Times Book Review The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

*Mangrove Ecosystems: A Global Biogeographic Perspective* Victor H. Rivera-Monroy, Shing Yip Lee, Erik Kristensen, Robert R. Twilley, 2017-11-03 This book presents a comprehensive overview and analysis of mangrove ecological processes, structure, and function at the local, biogeographic, and global scales and how these properties interact to provide key ecosystem services to society. The analysis is based on an international collaborative effort that focuses on regions and countries holding the largest mangrove resources and encompasses the major biogeographic and socio-economic settings of mangrove distribution. Given the economic and ecological importance of mangrove wetlands at the global scale, the chapters aim to integrate ecological and socio-economic perspectives on mangrove function and management using a system-level hierarchical analysis framework. The book explores the nexus between mangrove ecology and the capacity for ecosystem services, with an emphasis on thresholds, multiple stressors, and local conditions that determine this capacity. The interdisciplinary approach and illustrative study cases included in the book will provide valuable resources in data, information, and knowledge about the current status of one of the most productive coastal ecosystem in the world.
